# THE ENGLISH PATIENT

At the close of the Second World War, Count Laszlo de Almásy lays on his deathbed after a plane crash. Unrecognizable and without memory of who he is, the Count is cared for by a young nurse. As she slips deeper in love with her ward, the Count's life and his great romance slowly comes back to him as he recounts the extraordinary circumstances that led to him becoming *The English Patient*.

Set in North Africa and Italy before and during World War II, *The English Patient* is a passionate and epic film which unfolds around the intricately involved lives of four victims of the war. Starring Ralph Fiennes, Juliette Binoche, Willem Dafoe, Kristin Scott Thomas, Naveen Andrews and Colin Firth, *The English Patient* is the great movie romance of the year.

Produced by Academy Award® Winner Saul Zaentz, and written and directed by Anthony Minghella. *The English Patient* is based on the Booker Prize-winning novel by Michael Ondaatje.
